

# Activity:

## Building Text Features

# Dune (2021) Reviews

- A spicy journey to an amazing future
- Unlike anything we've seen in science fiction before
- A smart science fiction film
- [We've] seen too much of this sort of thing before
- An effort to create a grand science fiction epic has yielded something cold

# Part 1: Define the vocabulary

(feel free to discard common words like 'a' and 'to')
